PRESS RELEASE

GERDA STEINER & JÖRG LENZLINGER *Trink oh Herz vom Überfluss der Zeit!*

After the **Gerda Steiner and Jörg Lenzlinger** exhibition at the Agra Gallery in 2012, an artwork realized by the two artists, named *Trink oh Herz vom Überfluss der Zeit!* (inspired by Gottfried Keller's poem *Abendlied*) will be presented this year at the Buchmann Lugano Gallery. The two artists selected the work specifically for this exhibition space.

The artwork consists of a lighted up porcelain plate, a round metallic outdoor table and a small fountain. A liquid fertilizer, that crystalizes when exposed to the air, continuously pours from the fountain. The artwork changes during the exhibition.

The artists will participate to the 19th Art Biennale of Sydney that will open on the 21st March 2014.
